Steve-

It was nice catching up on the phone the other day.

As follow up to our conversation, please find the attached. Included are a side letter outlining deal points, an invoice for the purchased portion of hours and our standard membership and flight services agreement. The last two have not been altered in any way from our normal membership documents, and custom terms are in the side letter.

I added point #5 for discussion purposes. Textron, who manufactures Cessna and Beechcraft airplanes may well have an interest in a larger relationship. Should Tom want to take a coast to coast flight on their demonstration fleet at

their expense and meet with the CEO and tour the factory, as their largest customer we can help facilitate conversations.

Please let us know if we can answer any questions.

We are very excited to take great care of the family and to partner with TB. This is a relationship play for us, and we appreciate the partnership over the years.

All the best,

Robert

PS. For the paid portion of the hours, many of our members elect to use a credit card to get the points. Check or wire is also fine.

Robert Withers

Dear Tom,

Thank you for your email and I hope that you had a great weekend. Yes I have great new pieces I think you may love. There are new sweaters that have arrived in a few options and quite a few outerwear pieces you would like if you need. Do you think you will be around to stop by soon or do you want me to send you a few options? It's up to you because I know that your schedule is busy. You let me know what would work best for you. The rugby polos are still not available but we have asked that they notify us if they become available. I am waiting for a reorder of the sneakers coming in the next week or so. I can definitely get them for you. Can you confirm the size:). Once they get received I will let you know via email. I have all of the new fall/winter suit fabrics in so if you would like I can send you the travel swatches to look over. Keep me posted. I look forward to hearing from you.

I hope you are having a great Fall season together with your family:)

All my best,  
Tania

The call sheet, site map, and shooting schedule are attached here. Also driving directions from Nine Zero (agency hotel) and Pine Manor (approximation of where Tom lives).

Location: 61 N. Beacon St., Allston, MA 02134

bSF/DMVP call is noon.

Tom Brady's call is between 2:00-3:30p depending on tonight's outcome.

VIP trailer will be parked behind the wardrobe truck to help with privacy.

Tomorrow's weather should be a bit better, but there is a chance of rain.

Have fun at the game tonight!

Our model is still honking out 10" of snow for Friday and Saturday. Timing looks like it will start about midnight tonight and pulse on and off until the end of skiing Saturday.

Both FRI and SAT will be "ski while it's snowing" days which is the kind I love. Sunday will be a "Blue Bird" day but by then, the sizeable crowd (for our standards) will have put a good dent in the fresh stuff.

Today...

Today will be like the last couple of days. Sunny and warm..but also a bit breezy. Expeect clouds to roll in late day.

Post Storm...

SUN-TUES will be sunny. Sunday will be the coldest day in a while with TLC dropping a few degrees below zero in the morning. But light winds and sunshine will make for a nice day anyway.

Wimp Update...

Six inches of snow shut my daughter's school in Virginia down all week. She also attends school in Big Sky in winter. In her school career here, it has snowed 1126" and dropped to -41 deg F and SCHOOL HAS NEVER BEEN CANCELLED OR POSTPONED.

### Investment Perspectives: Deflation and Negative Yields

Deflation has recently become an important issue for central governments and policy makers. "Good" deflation normally occurs when levels of productivity increase and purchasing power is increased. "Bad" deflation typically occurs in response to over-leveraging and can lead to severe recessions or even depressions. Preventing deflation is important because it avoids making existing debts more burdensome, which results in reduced levels of consumption and slowing economic growth. One recent development caused by post 2008 deflationary forces is the presence of negative yields on high quality bonds. In this edition of Investment Perspectives we provide a review of deflation and negative yields and present our current investment views in light of recent developments.

One thing I forgot about Seattle- very little pre snap movement on D-- they do not match up and adjust-do what they do and make u come to them --very little reaction to shift, motions... man ball--- think the Lombardi GB O-- here we are, beat us

Again, Please help! JH know who I am but a little push will help

TB--- Congrats, My brother--- I am so, so, so proud of U and what U have done here--- here is the list of QBs who have started 6 SBs: You and..... NO F-in Body..... in a cap, free agency era? Unheard of.... insane

Hard to believe the skinny guy I met in 1995 has done this for MY TEAM...  
Thank you, Thank you, Thank you

I know u are out with your family and so forth and u need to enjoy this and what u have done---- but I also know how much u want to win #4 for this team and our fans.... I burned myself into the ground for 5 weeks to get Jim Harbaugh here--- guess what I have been working on since? The Seattle Seahawks..... and how to attack them..... so U have a small ace in the hole here....I will say focus on 4,5 things immediately concept wise and pre film study and these are just from me studying up and watching them for about 4-5 yrs: Cover 3 with 29 Thomas as deep FS, Sherman does not matchup and would cover me if I lined up opposite the LCB--- HUGE thing- Hell, Carolina has 1 WR Benjamin and the other guy was on him all game....43 Under front, think speed over power at all spots, athletes, runners, great tackling team---have had major injuries at DT spots with 2 key guys on IR led by the NG Menabane...Obviously GB did some things to them- run and pass-- and we have comparable players--- better TE, WR corps comparable-- but a team film wise to look at that has given them issues over the yrs(think us with the NYJ, Baltimore) the St Louis Rams--- and what do they do? 2 TE, smaller, quicker WRs-- talk with Danny A.... and last time I checked our QB is a bit better than anything they have had under center since u did them and poor Kurt Warner in during 2001

And obviously, Brandon Browner can help us with them as well.. he was a huge part of that team

I will say this--- and I am pretty accurate with our team and what we can do--- I know we can beat these guys--- we do things that will give them issues and the key to that O is Lynch--- and since u have been w the Pats, can u remember a time BB let a RB go crazy on us? Honestly, L Tomlinson? He is not that guy.... power, tackle breaker----- we handle ball busters.... be confident, prepare, believe---we can win this game- we matchup and if WE DO ARE JOB u will have ring #4

Enjoy this and get some rest---- prep week, work, win... all works, Bro.. I am here 24-7--- I want this, Buddy..... I am here to serve

Proud of U!!!

Beav

GO BLUE!!! GO PATS!!! GO TB!!!GO G!!!

[REDACTED] wrote:

TB- Like I said in previous email, this game is on us and our mental approach, toughness--- all of that and out physical play helped us last week vs a tough, well coached Baltimore team....This team we face this week is still in transition from the pass happy, pass rush Manning Colts teams... they want to be tough and bigger on D but u cannot just turn out the roster like that--- T Richardson trade hurt them and he is a stiff, so that kills a draft yr...but they have added a piece Like Chandler-s bro on the DL and Dqwell Jackson, so u see a progression... again, this team is not equipped to hang w us--- great example is they have 4 good WRs-- we have 5 CBs who can play minus A Dennard(IR)... they need to take pressure of Luck and add power runs, better OL and this will help make them tougher to prep for and more competitive in practice...I actually think he would be great in the system Kubiak runs--- very good athlete and spreads ball out

Ok- enough about what is wrong w them-- Here it goes--- 2014 Colts

1- Luck is huge, outside of Cam Newton, cannot think of someone who is asked to do more with less--- when he is bad, they have no shot-run, pass threat... BUT makes mistakes- a lot of them he tries to do too much and the types of picks Flacco threw last week are his mistakes--- throws to help safety,doubles,etc --- did this last week vs Denver on 2 deep throws

2- They have good not great offensive personnel--- depth- quality- A Bradshaw being out hurts them big time--- he was a great safety valve and all purpose guy- think Tom Rathman on the 9ers when u were a kid--Herron can catch the ball a bit--- 2 excellent TEs in Fleener, Allen, 4 good solid WRs...OL is better-- not overly physical- pass unit

3- RED ZONE ALERT- They love to go to TE in RZ--- Fleener, Allen 14 TDs...Bradshaw had 6 via pass- remember OC was Jim H-s OC at Stanford, so he loves TEs, FBs.... Matt P and BB will have a plan for this--- 91,32,54,23,30, hell 39 on some GL plays

4- TY Hilton big time pass catcher but is soft and will tap out-- Mr. Revis, aisle #13

5- 41 sacks but played in a bad offensive division with JVille, Hou, Tenn.... they get sacks from LBers--- OLB, ILB--- 3-4 scheme but a lot of 1 gap--- fire it out- think Wade Phillips scheme--very Good LBer unit with 5-6 guys who can play...3 of 4 top sackers OLB led by Newsome, Walden

6- SS Adams big INT guy- HUGE INT #s for a SS--- Laron Landry is a run first, look at me hitter who u will turn inside and out--- guy could not cover me with

a bad back and knee-- we would get him for about 80 and 2 TDs.. your guys will torch him if they play him in coverage

7- 3 solid CBs -V Davis-who u have seen, Toller, ex Pat Butler---- they played well and had a good game plan last week vs Noodle arm #18

8- Overall, well coached team-- had good plan vs a depleted Manning last week but they can be run on and I expect them to know this and come out in a lot of run heavy Ds early to stop that-- POISON.....LOL. When we excute, we will roll this team.... just not a good matchup and I think Josh and whoever we play at RG will be fine-- they are not bringing JJ Watt with them. I expect them to try and confuse the line and maybe send some A gap blitzes to see how we react--- I guess our QB is a rookie and has never seen those...LOL

9- I like our 2nd-3rd TEs vs this team- when u have rushers at OLB they do not like to go backwards and cover- so I think HooMan and Tim can hurt these guys--- Gronk is Gronk-- unless a team brings a bazooka, I don-t like that matchup.

Again, this is not rocket science--- we played the 2nd best team in the AFC last week and stepped up-- this team is not ready for prime time and we will hammer them into the ground if we play Patriots FB..... end of story

Play hard, play smart,Play loose, Play together!

LEAD, WIN!

GO BLUE!!! GO PATS!!! GO TB!!! GO G!!!

They were so bummed about all this deflating ball BS it killed me to see how sad they we're and that you were going through this unnecessary BS when this is suppose to be an exciting joyous time. Anyway, I'm sure it's hurting you too. Tune that shit out and get healthy. They love you so much as do I and we all do! You should read this prior to any interviews you do about this

Belichick has really dropped this in your lap just now . Don't take this lightly.

Hello Robert,

BIA is a Boston-based company. So it took all we could do to move past our love of the Pats and apply our Tactical Behavior Assessment® methodology to statements from Tom Brady and Bill Belichick regarding the NFL's investigation into whether they illegally altered balls for the AFC Championship game against the Colts (aka DeflateGate).

At the end of the day what makes Tactical Behavior Assessment® – our behavior assessment methodology – valuable to our clients (and ourselves) is its wholesale lack of sentimentality. It is painfully unbiased. It has no feelings. It doesn't root for any side. Instead, it is a tool that faithfully alerts you

to problems even with the teams you love – whether they be the football or management kind – and even when it hurts.

We hope fans of all types enjoy this report.

Amber Wert

The sanctimonious finger wagging over deflation might be the most absurd thing I have seen the media do, which is saying something. Some of the questions TB was asked today were more obnoxious than a congressional inquiry. Sucks that he had to go through that in the absence of any actual facts. In my business, those kind of questions get you sanctioned by a judge. He was amazingly calm. I'm sure he's relying on friends like you to keep him sane.

Anyway, hope all is well buddy and hope we can connect soon.

Yeah beav we both need some rest. I'm very grateful for our friendship and all of the unconditional support you have given me. You are a great person and friend. Best to you always

On Feb 3, 2015, at 12:25 AM, Jay Flannelly [REDACTED]  
[REDACTED] wrote:

TB-Again, so proud of U and this team--- amazing improvement thru the yr and we peaked in 2nd half into the Postseason--- beat a great defense -historic, look it up- and u obviously played a huge part-- honestly, think u threw one bad ball all game(1st INT), 2nd pick was a great play by great player- but u did so many of the things we talked about-patience, attack CBs not named Sherman, consistent, quick vs size.... just awesome--- I see how hard u and the guys worked-- this was a lot of tape, film- have not seen that team since 2012 and u were greatly prepared- see Gronk-s TD and Malcolm-s INT--- film don-t lie

U have so many great friends from UM and throughout life-- but U and I are different-- I used to get into fistfights in elementary school over the Pats-- this is my team. U are also one of my fav guys from my work w the UM FB program. So we get the combo meal--- and when U became the Pats QB, I was back home in Boston-- I kind of adopted u--- rare your buddy gets to live your dream.... thought TB is such a good guy, I want to help him, heck, I watch this team, I have a clue who and what they are about-- grew from there..... and this happened- not by accident- work, work, work,work--- when u see how your teammates here and on the Pats respond, not hard to see why u have 4 rings-- make this a priority and work at it---so I am glad I have a small part... SMALL- your success is so huge for me though--- total class act

Personally, I almost feel like I am on the team... I am exhausted right now-- I get pissed when people rip u and the team- the inflategate crap and the KC game turned me on espn and other media--- I watch Comcast NE and your boy Curran-- some NFL net- guys like Deion and Irvin defend u-- Willie McG, Heath Evans, Rich E,etc--- so I am selective.... but besides my 3 "real" jobs my 4th job is looking out for u and trying to figure out ways to maximize your career and this team-- I watch the games, take notes, scout,etc-- whatever I can do--- I feel like I am at work when we play, stress, not real enjoyment, more intense, adrenaline,etc--- but it is peaks and valleys--- takes a lot out of me but hey, for #4, It is worth it... I am spent but would do it again and again and again....

I know how hard this is to do--- I grew up watching this team--- this is huge... But I know u and am begging you to recharge and get some R and R. This yr has been hard, people doubted us, called us liars and cheaters---- f them. We worked for this. U deserve this. F Them. Now, do something w the people u

worked for and with to get this done--- take some time, go w your family,  
friends-- chill.... I see how tired u are, run down---- I am 43--- U r 37--- we  
need to listen to our bodies--- saw the interview u did with Berman-how u feel  
better at 37 than 27, work w Alex,etc--- how u pull that off is you are smarter  
-- I am at the same pt--- my back is acting up, left knee arthritic---- I pick  
my spots-- please do the same---- rest-mental , physical, learn to say no-EVEN  
TO ME.... U do these things and the road to the next one(Falk) becomes much  
clearer

Again - Thank you, Thank you-- I could not stomach Sherman,etc for another  
yr---LOL -- we are the mouth shutters..... LOL.....

U led, U won-- Now Rest!

And train a little...LOL

Love you, Bro---

Beav

GO BLUE!!! GO PATS!!! GO TB!!! GO G!!!

TB-Again, so proud of U and this team--- amazing improvement thru the yr and we peaked in 2nd half into the Postseason--- beat a great defense -historic, look it up- and u obviously played a huge part-- honestly, think u threw one bad ball all game(1st INT), 2nd pick was a great play by great player- but u did so many of the things we talked about-patience, attack CBs not named Sherman, consistent, quick vs size.... just awesome--- I see how hard u and the guys worked-- this was a lot of tape, film- have not seen that team since 2012 and u were greatly prepared- see Gronk-s TD and Malcolm-s INT--- film don-t lie

U have so many great friends from UM and throughout life-- but U and I are different-- I used to get into fistfights in elementary school over the Pats-- this is my team. U are also one of my fav guys from my work w the UM FB program. So we get the combo meal--- and when U became the Pats QB, I was back home in Boston-- I kind of adopted u--- rare your buddy gets to live your dream.... thought TB is such a good guy, I want to help him, heck, I watch this team, I have a clue who and what they are about-- grew from there..... and this happened- not by accident- work, work, work,work--- when u see how your teammates here and on the Pats respond, not hard to see why u have 4 rings-- make this a priority and work at it---so I am glad I have a small part... SMALL- your success is so huge for me though--- total class act

Personally, I almost feel like I am on the team... I am exhausted right now-- I get pissed when people rip u and the team- the inflategate crap and the KC game turned me on espn and other media--- I watch Comcast NE and your boy Curran-- some NFL net- guys like Deion and Irvin defend u-- Willie McG, Heath Evans, Rich E,etc--- so I am selective.... but besides my 3 "real" jobs my 4th job is looking out for u and trying to figure out ways to maximize your career and this team-- I watch the games, take notes, scout,etc-- whatever I can do--- I feel like I am at work when we play, stress, not real enjoyment, more intense, adrenaline,etc--- but it is peaks and valleys--- takes a lot out of me but hey, for #4, It is worth it... I am spent but would do it again and again and again....

I know how hard this is to do--- I grew up watching this team--- this is huge... But I know u and am begging you to recharge and get some R and R. This yr has been hard, people doubted us, called us liars and cheaters---- f them. We worked for this. U deserve this. F Them. Now, do something w the people u worked for and with to get this done--- take some time, go w your family, friends-- chill.... I see how tired u are, run down--- I am 43--- U r 37--- we need to listen to our bodies--- saw the interview u did with Berman-how u feel better at 37 than 27, work w Alex,etc--- how u pull that off is you are smarter -- I am at the same pt--- my back is acting up, left knee arthritic--- I pick my spots-- please do the same---- rest-mental , physical, learn to say no-EVEN TO ME.... U do these things and the road to the next one(Falk) becomes much

clearer

Again - Thank you, Thank you-- I could not stomach Sherman,etc for another yr---LOL -- we are the mouth shutters..... LOL.....

U led, U won-- Now Rest!

And train a little...LOL

Love you, Bro---

Beav

GO BLUE!!! GO PATS!!! GO TB!!! GO G!!!
